

Facility Staffing

Simplify your scheduling process and transform the way you work

Tired of going back and forth via phone and email, anxiously waiting for hours on end, only to find that your shift remains unfilled? It's time to simplify the process of scheduling high quality nurses & CNAs.

IntelyCare enables healthcare facilities to optimize their existing nursing staff and augment it when needed. Our intelligent matching and pricing engine provides a seamless solution to staffing challenges with minimal manual involvement.

Full Coverage

Get the right coverage for your needs, whether you make the request in advance or last minute.

Smart Matching

Unrivaled matching technology presents our IntelyPros with shifts they're most likely to accept.

Robust Reporting

Get the insights needed for audits like PBJ Reports, or create custom reporting in a single click.

Massachusetts Rates*

CNA: \$25-28	} (+35% state approved hero pay for COVID-19)
LPN: \$48-54	
RN: \$54-60	

* All MA rates are set by the state and all hero pay follows state-approved guidelines

More Ways to Fill Shifts

Some shifts are harder to fill. Some are more important than others. IntelyCare gives you more flexibility to fill those shifts.

- **Hero Pay:** An additional 35% is added on to all shifts as they are entered.
- **Boosting:** Boost the rate for single or multiple shifts by 25-100%.
- **Overtime:** IntelyPros near the 40-hour threshold will see more shifts.
